## Egan Adhere (ACDT)

Egan Adhere grip pads are a simple way to temporarily install lightweight products and accessories to glass, metal, EVS™, or other surfaces. Secure marker trays, markers, erasers, VersaPalette™, or other accessories. With silicone chemistry and microcellular mechanics, Egan Adhere will not typically leave any residue on the lightweight accessory or the mounting surface.

Where the popular, anodized aluminum Egan Dimension Marker Tray is desired, but the installer does not wish to fix it permanently with hardware, Egan Adhere can be a solution!

- Removable; a temporary bond
- No tools required; peel & stick double-sided
- Reusable; rinse to restore tackiness

Code	Description	Price
ACADHERD10	Pack of 10 3"w x 2"h	\$115
ACADHERE	Dimension Marker Trays with Adhere, see page 150	

- Do not expose to open air. Long term exposure will cause EganAdhere to lose its adhesiveness.
