PRESENTATION BOARDS

The Aluminum Frame Markerboard is a classic. Our proprietary dry-erase surface, EVS, is a commercial grade surface that can withstand the toughest environments and is guaranteed-to-clean. With a magnetic backer infill, the Aluminum Frame markerboard is magnet compatible with a clear anodized aluminum frame, precision squared mitered corners and will never warp.

Dimension Stele is an elevated design on the traditional markerboard. Fully wrapped in EVS, Dimension Stele is a 1" frameless board that beautifully blends into your environment; designed specifically for free flow thinking, with clean lines to keep the mind clear and free from distraction.

GlassWriteMAG is a backpainted white, frameless glass board. Egan uses high quality, tempered safety glass that has no tint and will not distort the color of your board. Cleat mounted and magnet compatible.

ACCESSORIES

12" EganAero Marker Tray, a sleek, lightweight clear anodized aluminum marker tray. Features a low profile standoff, one marker deep.
