

Introduction to

# Dimension Stele Boxcore™

EGAN

Crisp edge definition, with ultra-thin bezel

1 1/8" deep frame in White Anodized aluminum frame

## Monolithic Markerboard with Ultra-Thin Bezel

Like Dimension Stele, this is a modern, professional grade presentation markerboard that is characterized by a monolithic appearance. Dimension Stele Boxcore is constructed using Egan Boxcore™ technology which brings crisp edge definition, permits portrait or landscape orientation in the field, and provides robust edges for superior board quality and durability. Now EganINK™ compatible - customize your board for improved branding with bespoke graphics, signage, and more!

Dimension Stele Boxcore is EVS-on-steel: a guaranteed-to-clean, dry-erase and projection-compatible low-gloss markerboard, that also accepts magnetic accessories.

Frame is 1 1/8" (29mm) deep and can be specified in standard White or Clear Anodized aluminum.

Environmentally responsible through design, quality, value, and timeliness: Egan has been certified to have established and maintained a Quality Management System and Environmental Management System, which are registered to the ISO 9001:2008 and ISO 14001:2004 standards. Designed and manufactured in North America by Egan Visual Inc., leaders in visual communication products for the contract furniture industry for over 40 years. You can count on Egan products to be well-designed and well-built for years of hassle-free enjoyment.
