

Boxcore™ 29

Dimension Stele™ Boxcore™ is a modern, professional grade presentation markerboard that is characterized by a monolithic appearance. The Boxcore frame sits flush against the wall and features a low profile when viewed from the front, thanks to its ultra-thin bezel. Dimension Stele Boxcore is constructed using Egan Boxcore technology which brings crisp edge definition, permits portrait or landscape orientation in the field, and provides robust edges for superior board quality and durability. EganINK™ compatible - customize your board for improved branding with bespoke graphics, signage, and more! Dimension Stele Boxcore is EVS-on-steel: a guaranteed-to-clean, dry-erase and projection-compatible low-gloss markerboard, that also accepts magnetic accessories. Frame is 1 1/8" (29mm) deep and can be specified in standard White (WH) or optional Clear Anodized (CA) aluminum.

How To Order:

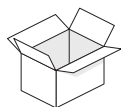

How To Order in Standing Rigging:

Custom Sizes:
 Select next larger size, and add \$110 list per board

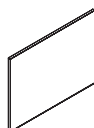

Custom Color - Frame:
 Set up, per color \$145
 Additional cost each item \$60

What's in the box:

- Mounting cleats included. Standard mount is Egan Dimension Cleat (ACWALDIM)
- Ships with two (2) assorted color Dry-Erase Markers and one (1) EganCloth

Product notes:

- Products featuring Egan Boxcore Technology are always rectilinear in shape
- A slight margin reveal of approximately 1/32" will appear at the edges of the frame. Egan offers a variety of marker trays. Full length Dimension Marker Tray (ACDT) is recommended
- Linked configuration not available
- Cutting the wire rope and checking the tension requires tools your installer may or may not have. Tools can be purchased from Egan Visual
