

Introduction to

Dimension Stele™

EGAN

Magnet compatible.

Monolithic construction with vanishing edge.

Available in LINXX installation.

Communicate Grand Ideas

Since ancient times people have used the stele to communicate grand ideas. The same has been said of the Egan Dimension board since Egan invented the monolithic presentation board category.

Egan now presents Dimension Stele™, featuring all the benefits of the Dimension board (guaranteed to clean, projection compatible, monolithic construction with vanishing edge) with a new twist - it's magnet compatible. Thanks to its steel substrate below the EVS™, Dimension Stele can handle magnetic attachments (including VersaMAG!) from edge to edge. Only from Egan.

Available in LINXX installation.

Environmentally responsible through design, quality, value, and timeliness: Egan has been certified to have established and maintained a Quality Management System and Environmental Management System, which are registered to the ISO 9001:2008 and ISO 14001:2004 standards. Designed and manufactured in North America by Egan Visual Inc., leaders in visual communication products for the contract furniture industry for over 40 years. You can count on Egan products to be well-designed and well-built for years of hassle-free enjoyment.
