

Dimension Stratus™

Egan invented the monolithic Presentation Board category, and the new Egan Dimension Stratus™ is an all-new take on what vanishing-edge whiteboard can be. We started with our market-leading innovation, Dimension Stele™. Then our design team took its monolithic design and had its outside edges raked back towards the wall in a 15 degree chamfer (Hence the name Stratus, from the latin "Histriatus", or 'chamfered'). Installed, the result is, simply put, a visually stunning presentation canvas unlike any other.
