

Introduction to

Egan Adhere™

EGAN

Dimension Marker tray installed with Egan Adhere

EGAN STICKS WITH YOU

Egan Adhere is the simplest way to temporarily install lightweight products and accessories to glass, metal, EVS™, or virtually any other surface. Simply place Egan Adhere on your mounting surface, then place your item and watch it stick.

Egan Adhere can be purchased in packs of 10, or specified as an installation option for your Dimension Marker Trays. It is compatible with marker trays, VersaPalette™, and many other accessories.

KEY FEATURES:

Removable

Despite its holding power, Egan Adhere cleanly peels off and can be reused elsewhere

No Residue

It will not leave a residue on either the mounting surface or accessory

Reusable

To clean Egan Adhere, simply rinse with water to restore its holding power
