

Egan Bold GlassWrite™

The Postmodern Markerboard, another Egan first. Many new professional environments are embracing old elements and using them in new ways – polished concrete, exposed wood, and metal are everywhere. Complement those environments – or add a postmodern splash to another environment, with Egan Bold. Featuring a modern EVS™ infill or GlassWrite™ MAG infill for a guaranteed-to-clean finish framed in bold fashion in faux leather, denim, or your choice of fabrics.

See Egan Bold (page 16) for an EVS infill option.
