

Egan Tacet™ Acoustical Panels

Managing the acoustics in the modern workspace is on the minds of today's designers and facility managers. With open spaces, the clacking of keyboards, and impromptu collaboration happening everywhere, you can transform your space by reducing the din. Egan Tacet™ Acoustical Panels form visually interesting installations in small offices as well as shared spaces and provide an effective way to reduce ambient noise and dB levels.

A single Egan Tacet™ Acoustical Panel requires four stanchions for installation. If installing one panel, order a starter kit. Additional panels can share stanchions along the horizontal edge, in which case Staxx can be specified.

Egan Tacet Acoustical Panels (SIT)	Code	Description	Price
	SIT1515SR	Starter 15"wx15"hx2-1/8"d, 4 edge stanchions	\$460
	SIT1515SX	Staxx 15"wx15"hx2-1/8"d, 2 edge stanchions	\$390
	SIT3015SR	Starter 30"wx15"hx2-1/8"d, 4 edge stanchions	\$510
	SIT3015SX	Staxx 30"x15"hx2-1/8"d, 2 edge stanchions	\$470

How To Order:

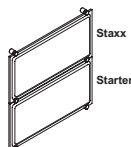

What's in the box:

- Edge Stanchions
- Allen key 3/32"

Product notes:

- Overall Depth from the wall 2-1/8"
- Tacet panel is reversible
- Egan Tacet panels are tack compatible however this is not recommended best practice functionality. The panels will hold a tack but are not 'self-healing' so repeated use will leave pinholes.
- Items tacked to the panel will inhibit the sound damping capacity of the panel

Parcel Service items (📦) ship 'Freight Included'. Instant Ship products are identified by combining codes indicated in **RED**.
