

Introduction to

# Egan Zip 202™

EGAN

Black, magnet-compatible steel complements your choice of eTex or wood veneer.

EVS decoration kit allows you to customize your message center.

Shown at left: Egan Zip 202 in custom color Etex, VersajOT, and TackRail with Cork infill.

## Tactile Message Center

In today's office landscapes there is still a need for convenient storage, pickup points, dropoff points, and messaging. The all new Egan Zip 202 mailbox helps with all of that. Mount using the included 8" Egan System track or mount to any existing Egan System track (sold separately). Outside an office. Below or above your whiteboard. Install a ten-foot run down a hallway. Mounts tracks at multiple heights in parallel and create a messaging wall. The possibilities are endless. Mounts and demounts easily without tools, to move between track locations. Combine with Egan TackRail (specified separately) for added functionality.

The black, magnet-compatible powdercoated steel is complemented by your choice of Egan eTex (in colors) or wood veneer. Each Zip 202 includes an 8" EganSystem Track and contains an Egan EVS™ decoration kit, so you can customize your Zip 202 message center.

Environmentally responsible through design, quality, value, and timeliness: Egan has been certified to have established and maintained a Quality Management System and Environmental Management System, which are registered to the ISO 9001:2008 and ISO 14001:2004 standards. Designed and manufactured in North America by Egan Visual Inc., leaders in visual communication products for the contract furniture industry for over 40 years. You can count on Egan products to be well-designed and well-built for years of hassle-free enjoyment.
