

EganAero™ Cabinet

EganAero™ Cabinet design is based on the popular Egan 202™ VersaCabinet (CE2) body. EganAero cabinet is unique as it features the world's thinnest, lightest, toughest, clearest glass markerboard as the door front infill. Accepts both standard and Egan NeoMagnet on the door front, door interior and body.

Choose from single or double door cabinet models, which feature EVS™ dry-erase, guaranteed-to-clean surface on the interior of the cabinet (both body and rear of door). Optional accessories, which include Egan NeoMagnet (ACEAMAG) and Egan Tack Panels (TP) are sold separately.
