

Introduction to

# EganONE Pro Cart

EGAN

EganONE™ products carry a modern, slightly industrial look and design, characterized here by Etex and anodized aluminum features. The EganONE Pro Cart brings you all the functionality you want in one cart.

**Professional Grade construction:** Etex on MDF, robust and clean clear anodized aluminum verticals, laser-cut steel feet, and industrial strength, total-lock casters featuring a 220-lb weight rating per wheel.

**Project Cart capable:** cabinet and drawer storage areas for binders, samples, and documents. Highly mobile, with its 4" diameter profiled wheels rolling easily across floor seams, small ridges, breaks, cables, elevator gaps, and other floor surface elements found in the modern or post-industrial workspace. EganONE Pro Cart becomes a resource center for any project-oriented cadre of professionals.

**Projector Cart capable:** accommodates standard, short throw, and Ultra-Short throw projectors, which can be secured through the top. Inside, industry-standard AV/IT rack mounts. Apertures in the top also provide cable management, ventilation, and the ability to use Kensington security locks.
