

Introduction to

# EganSolo™

EGAN

## Simple, Modern Haven

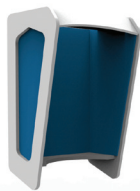

EganSolo™ solves an emerging problem in today's open office - the smartphone. Many modern phones don't cope well with the rising ambient noise levels, and EganSolo becomes a simple, modern haven to easy step into while on the phone.

Tests have shown that EganSolo, which cuts sound levels 10-15dB, lets you hear more easily and permits you to be heard more clearly by the party on the other end, while inhibiting others from overhearing the conversation. Additionally, EganSolo influence sightlines, allowing you to focus on the conversation you're in.

EganSolo is available in a range of ETex body colors and the full range of Egan and Maharam fabrics. EganSolo includes a small shelf for taking notes, and the fabric panels are tack compatible.

EganSolo side view.

Cuts sound levels 10-15 dB.

Hear more clearly.

Available in a range of eTex colors and tackable fabrics.

Environmentally responsible through design, quality, value, and timeliness: Egan has been certified to have established and maintained a Quality Management System and Environmental Management System, which are registered to the ISO 9001:2008 and ISO 14001:2004 standards. Designed and manufactured in North America by Egan Visual Inc., leaders in visual communication products for the contract furniture industry for over 40 years. You can count on Egan products to be well-designed and well-built for years of hassle-free enjoyment.
