Fabric TableScreens™

Mount across a table to create a divider between two people on a single table. Mount along the edge of one table and bring a second table alongside to create a dynamic team area. Install your privacy screen across a table or along its edge. Join two tables together with each work station having independent surface specification.

Restrictions: FF can be specified with one fabric type/color only. Not magnet compatible. For custom sizes use price from the next larger size. For example: 27" w × 12" h use pricing from the next larger size (30" w × 12" h). Inquiries for sizes larger than 72" w or 18" h will be addressed as Custom Response. Certain limitations may apply. Contact Customer Service for more information.
