

GlassWrite™ Boxcore™ Mobile

Egan, the industry leader in Mobiles, brings you a number of innovations in the all-new GlassWrite™ Boxcore™ Mobile, allowing you to shape your space and collaborate anywhere with style. The unique Egan Boxcore industrial design brings a high degree of stability when moving and when writing on the mobile, yet offers a highly attractive finish with its ultra-thin bezel and anodized aluminum frame, 1 1/8" (29mm) thick.

GlassWrite Boxcore Mobile features a brilliant glass infill in standard White (WH). The safety glass is low-iron (PPG Staphire® or Pilkington OptiWhite®) for optical clarity of the color, and 5/32" (4mm) depth for reduced parallax as compared to 1/4" (6mm) glass. Glass is laminated to steel providing the Mobile with magnet-compatibility to complement its outstanding dry erase capability. Firmly anchoring the Mobile is a robust, powdercoated steel base, laser cut from 1/4" steel plate with welded brackets and a welded I-beam for additional stability and strength. Standard in EganMetallic (EM), or specify optional Custom Colors (CC). Base secures to body frame using Torx® bolts, designed for high seated strength and an attractive flush appearance.

Thanks to the low-profile base and Torx bolts, multiple units of GlassWrite Boxcore Mobile can be nested successfully when not in use. As with other Egan Mobiles, locked profiled casters are featured for stability when stationary, and easy, no-hassle mobility.

GlassWrite	Code	Dimensions	Price	Code	Dimensions	Price
Boxcore Mobile (VBM)	VBM3654	36"w x 54"h x 23 1/2"d	\$3 930	VBM4854	48"w x 54"h x 23 1/2"d	\$4 990
