

GlassWrite™ MAG Boxcore™

GlassWrite™ MAG Boxcore™ is a dry-erase, guaranteed-to-clean glass markerboard that is available in standard back-painted White (WH) or optional Custom Color (CC) to match the style of your collaboration environment. In addition, GlassWrite markerboards feature low-iron tempered safety glass (PPG Starphire® and Pilkington OptiWhite®) for high optical clarity, high light transmission, and reduced tint.

Egan Boxcore technology provides a 3/4" (19mm) deep frame that sits flush against the wall, allows for portrait or landscape orientation in the field, and brings crisp edge definition and durability, emphasizing clean lines and a modern appearance.
