Communicate Grand Ideas

GlassWrite MAG Markerboards are up to 5/32" thick tempered glass, bonded to steel, making it a dynamic surface. These dry erase guaranteed-to-clean markerboards are available in 10 standard back-painted colors or optional custom color to match the style of your collaboration environment. In addition, the GlassWrite MAG Markerboard is magnet compatible.

Custom Color and EganINK

Customize your board with your choice of color and graphics. Egan Visual offers comprehensive color matching for its GlassWrite products, so that your glassboard meets your design specifications. You can also customize your board with EganINK, which allows you to design your board with custom letters, lines, logos and graphics. With custom color matching and EganINK you have the flexibility to make products that really communicate your brand, design and message.
