# GlassWrite Shapes

EGAN

Clear, frosted, or colored glass

Captive stanchion mount

## Bespoke Glass Markerboards Shapes

Egan GlassWrite Markerboards are now available in custom shapes! Working with initial direction from designers and clients, the Egan engineering team will develop solutions that work within the Egan manufacturing process.

GlassWrite Shapes are mounted using captive stanchion mounts and are not available in magnetic configuration. General shape rules include a minimum curve radius of 3 ¼", and a minimum width of 6" on the "ear" of any irregular protrusion. In certain circumstances minimum rules may be smaller - call Customer Service for spot quote. Maximum outer dimension is 96".

GlassWrite Boards are ¼" (6mm) thick tempered glass, and available clear, frosted, or in colors. These dry-erase surfaces are available with EganINK™ platform.

Environmentally responsible through design, quality, value, and timeliness: Egan has been certified to have established and maintained a Quality Management System and Environmental Management System, which are registered to the ISO 9001:2008 and ISO 14001:2004 standards. Designed and manufactured in North America by Egan Visual Inc., leaders in visual communication products for the contract furniture industry for over 40 years. You can count on Egan products to be well-designed and well-built for years of hassle-free enjoyment.
