

GlassWrite™ TableScreens™

Egan continues to bring elegance to your workspace. New frameless GlassWrite™ TableScreen™ is 1/2" (12mm) thick glass with polished and chamfered edges. This product is designed as a single-piece standard clear or optional frosted glass for minimalistic, visually unobtrusive workplace concepts. Frosted side is not a dry-erase product.

GlassWrite TableScreens use Starphire® or OptiWhite® low-iron glass for low-tint clarity of the surface and the edges. This product is available in heights (measured from desk surface to top edge, when installed) of 8", 10", 12" and 14", and standard widths of 24", 30", 36", 48", 60" and 72".
