

GlassWrite™

GlassWrite™ Markerboards are 1/4" (6mm) thick tempered glass frosted on the back side, or can be specified 'clear.' Go above and beyond with custom graphics available through our EganINK™ program (frosted glass only). GlassWrite Markerboards are frameless tempered glass dry-erase presentation boards with polished edges.

With frosted glass markerboards, wall color shows through for an unobtrusive yet highly effective visual communication surface. EganINK can be specified on frosted glass markerboards to really communicate your message or promote your brand. (see page 45) for GlassWrite Colors, (see page 46) for GlassWrite MAG.

GlassWrite (DGF, DGC)

Code (Frosted)	Code (Clear)	Dimensions	Price	EganINK ¹	Captive Stanchions
