

# TecTern™ III

TecTern™ III brings a decidedly modern and sleek aesthetic to the Egan technology lectern series. With soaring lines and swooping expanses of clean space, TecTern III makes an intelligent statement about the presenter and the presentation. Interactive presentations are easy, with a fully-integrated interactive flat panel - finger touch control that even guest presenters can use, because it connects to the PC with no drivers to install.

T3TM includes annotation software.

T3TM

T3LS
