

# V-Series Mobile, Three-Point Base

V-Series Mobiles Three-Point Base models are designed to work with Four-Point base models to create linked partitions that can be positioned at almost any angle. These Mobiles feature guaranteed-to-clean EVS™ dry-erase surface that accepts magnetic accessories. EVS surface is offered full height, or split height with EganMetallic (EM) bases. Accessory grooves in uprights provide easy location of Accessory Shelf (ACSHELF). For best, dust-free results, use quality dry-erase markers, and clean with an EganCloth™. Three-Point Base models are not recommended for non-linked applications.

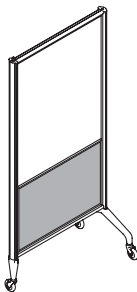

## V-Series Mobile, Single Panel with Three-Point Base (VST)

| Code    | Dimensions            | Price   | EganINK <sup>1</sup> | CC Frame & Base | Tackable Fabric Grades |       |       |         |       |       |
