Assembled depth of .75” depth. Dimension thickness is .5”.

# EVS SURFACE

## DESCRIPTION

Egan Versa Surface is a professional grade, proprietary surface. It is the only surface in the market to deliver against the three components, which make for a superior dry-erase surface.

1. Flexible Design: Specify EVS in a wide array of formats and shapes, and can cover a large expanse up to 400ft.
2. Guaranteed-to-Clean: Unlike Porcelain, EVS can handle tough environments, and can even remove permanent marker, which is why we provide a 10-year warranty on all EVS products.
3. Low Gloss: The soft, white matte surface reduces glare and reflection from ambient light making it ideal for projection.

## **BUILT TO INSPIRE**

We facilitate creativity, promote the sharing and capturing of ideas while seamlessly and beautifully complementing the existing workspace. We inspire the minds today, that will inspire the future. We are the blank canvas that gives life to the beginning of an idea

We offer a wide range of well-designed, productivity enhancing products that can be configured and sourced as either self-standing or integrated for a systematic solution that enhance and complement the people, the assets within the work space and provide a blank canvas for ideas to spark.
