EVS SURFACE DESCRIPTION

Egan Versa Surface is a professional grade, proprietary surface. It is the only surface in the market to deliver against the three components, which make for a superior dry-erase surface.

- 1. Flexible Design: Specify EVS in a wide array of formats and shapes, and can cover a large expanse up to 400ft.
- 2. Guaranteed-to-Clean: Unlike Porcelain, EVS can handle tough environments, and can even remove permanent marker, which is why we provide a 10-year warranty on all EVS products.
- 3. Low Gloss: The soft, white matte surface reduces glare and reflection from ambient light making it ideal for projection.
