GLASSWRITE

THE BEST IN GLASS

With a commitment to craftsmanship and innovation, Egan offers the finest range of glass markerboards and table dividers. Our glass products are built to stimulate creativity, encourage the sharing of ideas, and facilitate ideation all while seamlessly adding beauty to the workspace.

Egan GlassWrite is built from a guaranteed-to-clean, crystal clear, low iron tempered safety glass for high clarity of surface and edges. All GlassWrite products feature sparkling field depth and are guaranteed-to-clean. A frameless 1/4" (5 mm) thick glass dry erase board, GlassWrite boards are finished with polished edges and are available as clear or frosted, in color, as neo-magnet compatible, and with high-resolution printing: EganINK.

Key Features:

- Egan Infinite Palette: Choose from 1,050 standard glass colors
- Custom Color
- EganINK
- Custom Size
- Linked Configuration
- Neo-Magnet Compatible Options
- Guaranteed-to-clean
- Cleat or Stanchion Mounted presentation boards

GLASSWRITE

GlassWrite Markerboards are frameless tempered glass dry-erase boards with polished edges. GlassWrite boards can be specified in clear or frosted with stanchion mounts. These boards are designed for clean, contemporary environments needing everyday brainstorming.

GLASSWRITE COLOR

We understand the influence color can have when designing your space. Whether you are trying to coordinate colors or set a specific mood or tone, Egan makes it possible to match nearly any color. Specify color using Egan Color Program with over a 1000 colors at standard cost or color from other industry fan decks, such as Pantone. Egan color matching technology means we guarantee your Egan GlassWrite board will be painted within 1.0 dE of your intended color. Delta-E (dE) is the measurement of the distance between colors with any dE of 1.0 being imperceptible to the average human.

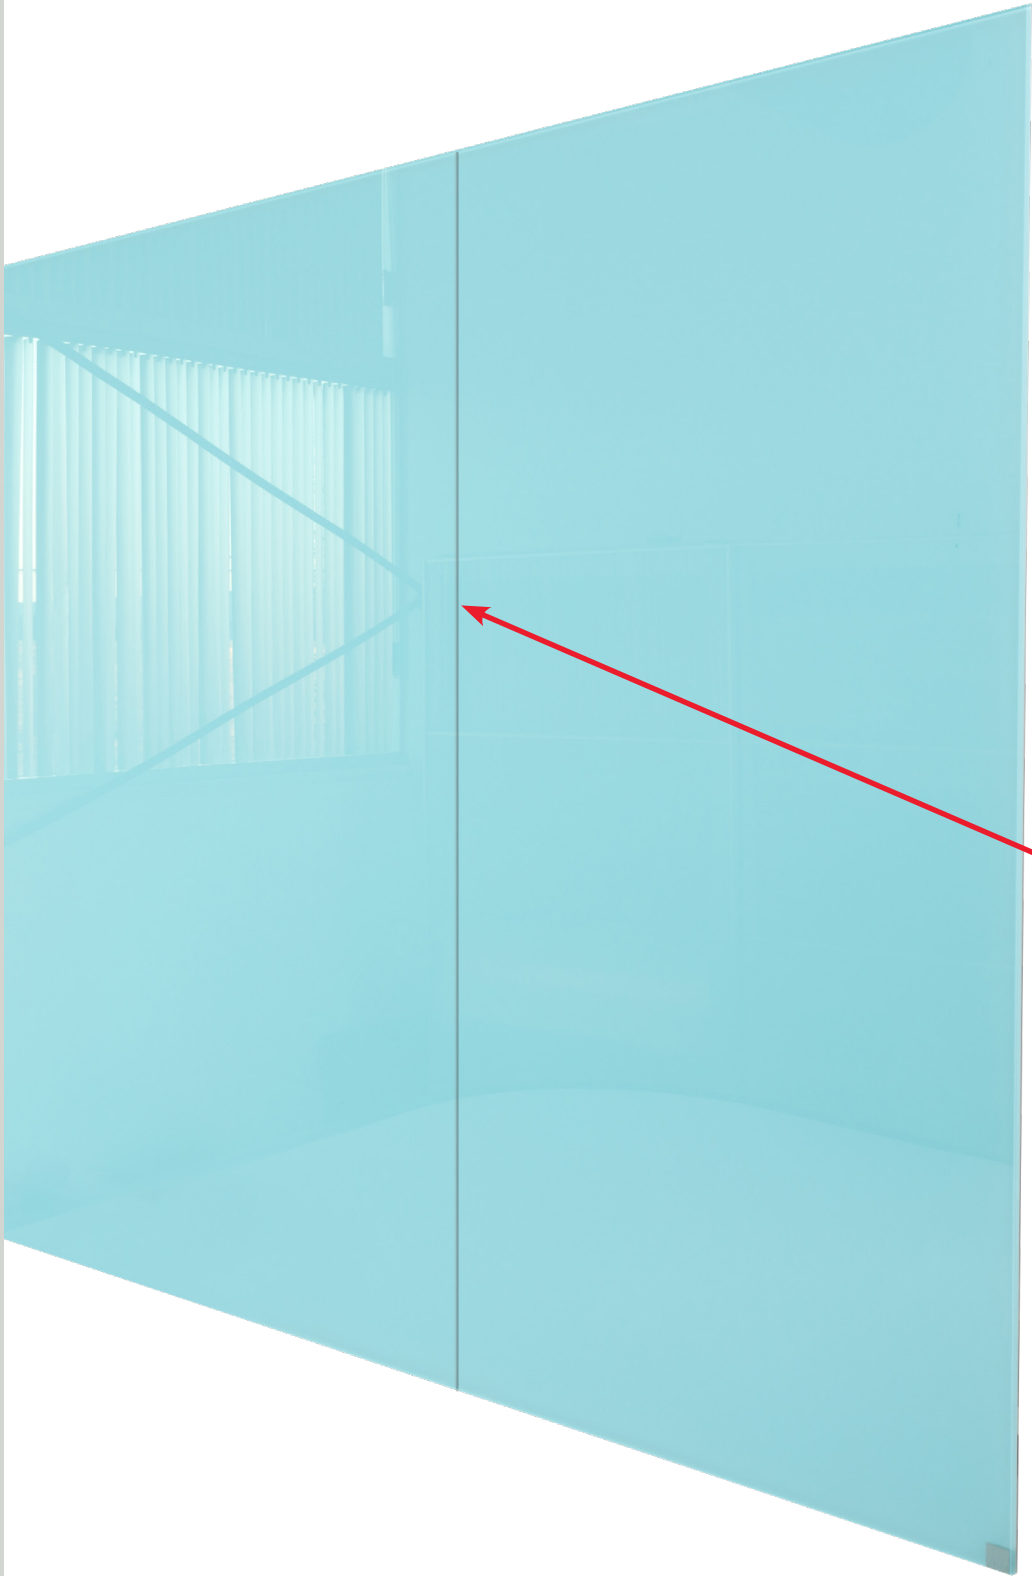

GLASSWRITE LINXX

Create a stunning impression with an expansive GlassWrite wall. Ideal for large boardrooms, lobbies and high traffic areas. With the industries' tightest seam of a 1/8" gap, GlassWrite LINXX creates the impression of a continuous glass expanse. A black ABS plastic extrusion is installed behind the glass, linking multiple panels together, providing a cushion to absorb any contact between the panels to prevent the glass from chipping.

GLASSWRITE BOARDS

GLASS OPTIONS

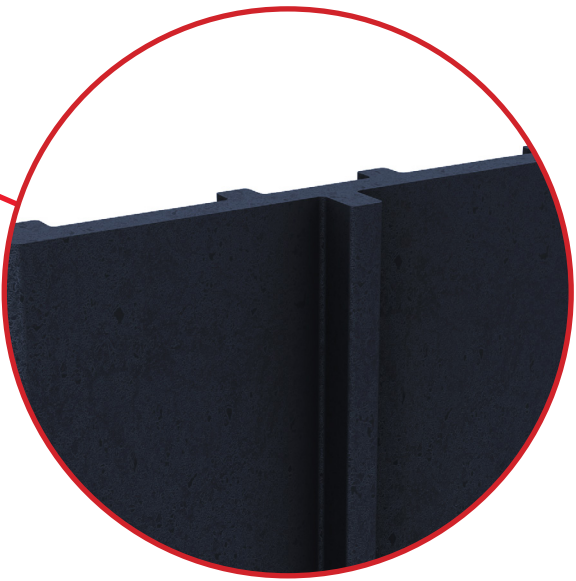

*Specify any Pantone color for your glass boards. Clear and frosted also available.

SIZE OPTIONS

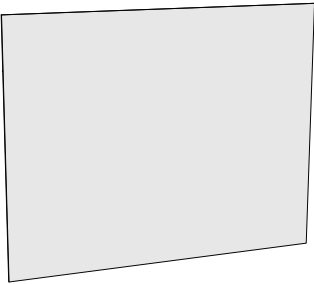

48 x 48	60 x 48	72 x 48	96 x 48	120 x 48

**GLASSWRITE
TABLESCREEN**

With the GlassWrite TableScreen, Egan continues to bring elegance to your workspace. Create functional privacy with the guaranteed-to-clean glass Tablescreen. Ideal for minimalistic, open workplace concepts, the GlassWrite TableScreen is a frameless table divider designed with a single piece of clear or frosted glass. The TableScreen is 1/2" thick and offers a variety of table-agnostic mounting options. The TableScreen can also be specified with color or EganINK.

GLASSWRITE TABLESCREEN

The frameless GlassWrite TableScreen, features 1/2" (12mm) thick glass with polished edges. This product is currently designed as a single-piece of clear or frosted glass for minimalistic, visually unobtrusive workplace concept. GlassWrite TableScreen uses low-iron glass for low-tint clarity of the surface and the edges. The frosted side is not a dry-erase compatible.

GLASSWRITE TABLESCREEN

Create even more visually powerful and functional pieces by adding EganINK to your GlassWrite product. EganINK is an innovative ink system that provides high resolution multi-color print application. With EganINK, print stunning photography and graphics to enhance your Egan product with visual and communication tools.
