EGAN GLASSWRITE

Why Choose Egan GlassWrite

With a commitment to craftsmanship and innovation, Egan offers the finest range of Glass Markerboards, Mobiles, TableScreens and Presentation Cabinets.

1. Egan GlassWrite is built from a guaranteed-to-clean, crystal clear, low iron tempered safety glass.
2. We understand the influence color can have when designing your space. Whether you are trying to coordinate colors or set a specific mood and tone in your space, Egan makes it possible to match nearly any color with the Infinite Color Program. Select from over a 1000 colors using the Egan Color Palette, or select from Pantone, RAL, or other industry standard fan deck.
3. With GlassWrite boards, Egan allows you to link boards to create a large glass expanse. With the industries tightest seam of a 1/8" gap, GlassWrite LINXX creates the impression of a continuous glass wall.

Why Choose Egan Versa Surface (EVS)

EVS is Egan's proprietary whiteboard surface that is guaranteed-to-clean, ideal for projection, and has a unique design flexibility.

1. EVS is built to handle the toughest environments. Designed to be a resistant surface, EVS will never ghost and can remove stains, including Sharpie®. Egan guarantees EVS can be cleaned back to the original white for 10 year - the longest cleanability warranty in the industry.
2. Egan's EVS has a low gloss and low glare matte surface, so that the board may be easily viewed at a 160° viewing angle. The matte surface allows your message to be seen clearly; from the front to the back room, and all angles in between.
3. EVS comes in a wide array of products including, Presentation Boards, Mobiles, TableScreens, Wallcovering and Presentation Cabinets and more. This lightweight film can be applied and cut to nearly any surface. EVS can be specified up to 400ft continuous length, so you can create a large seamless expanse. EVS is the best canvas for presenting your thoughts to the world.
