# Boxcore Mobile

**Mobiles**

The Boxcore Mobile utilizes the unique Egan Boxcore™ design for a high degree of stability when moving and when writing. It is distinguished by an ultra-thin bezel, and an aluminum frame in 1 1/8" (29mm) depth. The Boxcore Mobile has a new frame to base connection, for clean uninterrupted lines. This new connection provides additional functionality by linking together multiple Boxcore Mobiles on a linear plane with only a 1/4 gap between mobiles. Available with EVS, Glass and Tackable infills. Mobile bases come with easy swivel and locking casters.

Boxcore Mobiles can be specified with a different infill per side. Pricing reflects costs for 1 side only. Choose an infill for each side and add the price together for the total cost. If the infill is the same for both sides, simply double the cost in the chart below.
