

# EGAN V-SERIES

# V - SERIES

DESIGNED FOR  
VERSATILITY

---

Egan's V-Series frame design family is defined by robust, clear anodized aluminum frames that can be specified from a range of infill options. Choose between guaranteed-to-clean dry erase surfaces - clear or frosted GlassWrite or professional grade EVS - or tackable materials, such as natural cork, or from a library of tackable fabrics ranging from vibrant brights to rich neutrals and earth tones. Ideal for open office environments, the V-Series comes in either a mobile or TableScreen format.

#### Key Features:

- Robust, clear anodized aluminum frame
- Presentation Mobile or TableScreen format
- Infilled with either EVS, glass, or Tackable substrate (Fabric or Cork).
- Custom Size
- Linked Mobile Configuration
- Magnet and Neo-Magnet Compatible
- Guaranteed-to-clean EVS and GlassWrite
- Specify EganINK™ for limitless customization on EVS and GlassWrite surfaces

**V - SERIES MOBILE**

V-Series GlassWrite mobiles enliven open areas while creating privacy and space division. These Mobiles feature GlassWrite tempered safety glass, a robust clear anodized aluminum frame, and substantial 4-point base with easy-swivel casters. Specify your GlassWrite in clear or frosted, white or color, or with high-resolution printing: EganINK. Mobile 4-point base is offered full height or split height.

**V - S E R I E S   M O B I L E**

The V-Series Mobile with a 3-point base features professional grade, dry-erase EVS surface, which accepts magnetic accessories. EVS is a proprietary surface that delivers against four components: Guaranteed-to-clean even the toughest stains, low glare for ideal viewing and projection compatible surface, matte and tactile surface, and a flexible design. Mobile 3-point base is offered in full height or split height. With split height, specify tackable fabric or perforated steel on the lower panel.
