

Introduction to

# TecTern S2

EGAN

The popular TecTern series takes inspiration from the highly customizable 202 series instruction lecterns, bringing high functionality in a contemporary design and smaller footprint.

Highly tech friendly, beginning with space for an optional finger touch monitor, your laptop, to optional audience-facing monitor for digital logo or agenda display. Technology is accessible with front and back access panels.

Up top, an optional sliding reveal offers additional document or note space, available simultaneously with monitor use. At the side, slide out the integrated visualizer deck for comprehensive presentations. Specify from an array of optional finishes and accessories.
